Fun Clubs: 3 Week Programs (final 3 weeks of Fall and Winter semesters)

Thursdays 9:00am-2:00pm	Christmas Fun Club (Lunch Time included)	Ages 7-10	Dec. 1 st , 8 th , & 15 th 3 weeks program	\$125 per child
	Spring Fun Club (Lunch Time included)	Ages 7-10	Mar. 30 th , Apr. 6 th , Apr. 13 th 3 weeks program	\$125 per child

Activity Descriptions and Instructor Contacts: 2022-2023

Christmas Fun Club (Ages 7-10)

Contact Lead Instructor: [Amy Martin](#)

Christmas Fun Club is a 3-weeks activity in December that provides opportunities to enhance physical development of throwing, catching, striking, eye-hand coordination, fine motor skills, body balance and strengthening combined with instructional opportunities which teach and reinforce social skills necessary for positive team involvement based on scriptural principles of honesty, grace, and forgiveness. Through crafts and devotions, children will enjoy Christmas activities.

Elementary Clubs Tuesdays (Ages 7-9)

Contact Lead Instructor: [Amy Martin](#)

Elementary Clubs on Tuesdays for Ages 7-9 will travel to four clubs, snack, and lunch with a camp counselor to engage in hands-on learning fun. The subject description and instructor's name for each activity are as follows:

Exploring Nature (Instructor: [Cindy Nichols](#))

- Whether you look up or down, there are amazing things to explore. Be ready for lots of hands-on learning as we discover God's creation in different settings. In the fall, we will use the NLC nature surroundings to appreciate nature in flight. We will focus on birds, but other flying animals will be included as well. In the spring, we will investigate other habitats to learn about coastal creatures that swim, crawl, or anything in between. Hang on for a wild ride this year as we explore God's creativity in the air as well as in the sea.

Goin' to Carolina in our Art (Instructor: [Sarah Tucker](#))

- With our beautiful state as the inspiration, students will learn to see like an artist and notice God's beauty, order, and design around us. We'll then train our hands to create using a variety of engaging techniques and art mediums. Students will learn about famous North Carolina art and artists, both past and present. The emphasis of our time together will be growing in artistic confidence and having tons of fun!

Physical Education (Instructor: [Amy Martin](#))

- Students will practice the skills of throwing, catching, and kicking using different types and shapes of balls in station work, partner activities, and fun games and sports. The class will also work on fitness through exercise, simple games and jump roping. Students will learn to apply biblical truths by practicing sportsmanship, cooperation, and respect for others.

STEM Stations for ages 7 to 8 ½ (Instructor: [Olivia Stowe](#))

- This club will take place in the afternoon. Please note that the age is an approximation. Children older than 8 ½ may be assigned to this club, based on the number of participants.
- Design, create, build, and learn! We will use all kinds of materials to invent our creations - magnets, gears, cranks, Legos, and much more. We will stretch our

Activity Descriptions and Instructor Contacts: 2022-2023

imaginations and test our machines to help with fine motor skills, problem solving, and hand-eye coordination.

Hands on Building for ages 8 ½ to 9 (Instructor: [Sarah Tucker](#))

- This club will take place in the afternoon. Please note that the age is an approximation. Children younger than 8 ½ may be assigned to this club, based on the number of participants.
- Drawing inspiration from the new dining hall construction, students will learn basic design and construction principles. Students will cultivate practical skills as they grow in DIY confidence together through fun, hands-on projects.

Elementary Clubs Thursdays (Ages 7-9)

Contact Lead Instructor: [Amy Martin](#)

Elementary Clubs on Thursdays for Ages 7-9 will travel to four clubs, snack, and lunch with a camp counselor to engage in hands-on learning fun. The subject description and instructor's name for each activity are as follows:

Anatomy (Instructor: [Maureen Heim](#))

- Have you ever considered the complexity and uniqueness of the human body? From head to toe, we are skillfully and masterfully created in God's own image. In this club, we will study the systems of the human body, focusing on one system at a time, including the muscular, skeletal, nervous, respiratory, circulatory, and digestive systems. The students will participate in fun hands-on activities, demonstrations, and games to reinforce what they have learned about in each lesson. Come with us as we investigate and study the human body to grow our appreciation for the Master Creator.

Hands on History (Instructor: [Lauren Kellum](#))

- Students will create a timeline of American history using Our Star-Spangled Story. We will learn through hands on activities, games, and music! Each week, we will add to our timeline to lay out the progress of our country's heritage in a fun, visual way!

Physical Education (Instructor: [Amy Martin](#))

- Students will practice the skills of throwing, catching, and kicking using different types and shapes of balls in station work, partner activities, and fun games and sports. The class will also work on fitness through exercise, simple games and jump roping. Students will learn to apply biblical truths by practicing sportsmanship, cooperation, and respect for others.

Intermediate Clubs Tuesdays (Ages 10-13)

Contact Lead Instructor: [Amy Martin](#)

Intermediate Clubs on Tuesdays for Ages 10-13 will travel to four clubs, snack, and lunch with a camp counselor to engage in hands-on learning fun. The subject description and instructor's name for each activity are as follows:

Intro to Engineering and Critical Thinking (Instructor: [Lauren Kellum](#))

- We will explore several different fields of engineering through activities and projects that will show a peek into each field. Some of the fields include Agriculture, Chemical, Electrical, Biomedical, and Mechanical. We will use critical thinking, creativity and problem-solving to inspire the possibilities of engineering!

Music Appreciation (Instructor: [Cami Slack](#))

- We will explore in a variety of fun ways different periods of musical history like the classical period as well as examine how God created music for us to worship Him.

Teamwork (Instructor: [Amy Martin](#))

- Through fun fitness games, team, and individual sports, and two camp service projects, students will be given the opportunities to work cooperatively in teams while building skills as listening, speaking, problem solving, cooperation, creativity, trust, courage, bonding, and icebreaking. And of course, the student's physical well-being will benefit from exercise and introductory skills of sports.

Outdoor Recreation (Instructor: TBD)

- Kids will enjoy a preview of summer camp activities in the fall months. Activities such as: sling shots and archery, GaGa ball, low ropes, field games, and a lesson from God's Word, and more.
- In the winter months, the kids will continue outdoor field activities while playing gym activities and strategic board games on very cold days.

Intermediate Clubs Thursdays (Ages 10-13)

Contact Lead Instructor: [Amy Martin](#)

[Click Here to Return to Schedule](#)

Activity Descriptions and Instructor Contacts: 2022-2023

Intermediate Clubs on Thursdays for Ages 10-13 will travel to four clubs, snack, and lunch with a camp counselor to engage in hands-on learning fun. The subject description and instructor's name for each activity are as follows:

Art Explorations (Instructor: [Anna Heimbach](#))

- In the first semester, students will explore various artists while utilizing a variety of media including oil pastels, chalk, and watercolor to create pieces emphasizing an array of drawing and painting techniques. In the second semester, students will continue to learn about famous artists and work in three dimensional materials and various other media.

Scouting Skills (Instructor: [Shannon Mills](#))

- This club includes aspects of nature study, geography, citizenship, and handicrafts and will give your children a foundation for important life skills and encourage a love for the outdoors. They will earn badges in a range of skills including tracking, knot tying, making camp, mapping, and fire building. Students will need a field journal to record observations.

Teamwork (Instructor: [Amy Martin](#))

- Through fun fitness games, team, and individual sports, and two camp service projects, students will be given the opportunities to work cooperatively in teams while building skills as listening, speaking, problem solving, cooperation, creativity, trust, courage, bonding, and icebreaking. And of course, the student's physical well-being will benefit from exercise and introductory skills of sports.

Play and Learn 1 (Ages 4-5)

Contact Instructor: [Rachel Barrow](#) (Tuesdays) and [Jaime Bishop](#) (Wednesdays & Thursdays)

This fun and engaging program includes a variety of developmentally appropriate activities including nature, STEM, creative arts, music and movement, gym and outdoor play. Social skills such as listening, following directions, using encouraging words and actions, and being respectful to others will be integrated throughout lessons and activities that teach and reinforce biblical truths.

- You may register your child for individual days (Tuesday, Wednesday, or Thursday) or a combination of 2 or all 3 days. The activities will be different each day.
- A snack time and lunch time is included with the activity. Students must bring their own lunches.

Activity Descriptions and Instructor Contacts: 2022-2023

Play and Learn 2 Tuesdays (Age 6)

Contact Lead Instructor: [Ashley Schiess](#)

Play and Learn 2 on Tuesdays for Age 6 will feature a unique schedule of 4 different activities around camp. These activities will provide a lot of hands-on learning. The following are also included in the schedule: snack, lunch, recess, and Bible devotion.

Arts & Crafts (Instructor: Ashley Schiess)

- We will be making crafts around the world! We will have a brief lesson about a different country, pray together for the church in that country, and make a craft that reflects the art/culture from that country.

Exploring Nature (Instructor: Cindy Nichols)

- Whether you look up or down, there are amazing things to explore. Be ready for lots of hands-on learning as we discover God's creation in different settings. In the fall, we will use the NLC nature surroundings to appreciate nature in flight. We will focus on birds, but other flying animals will be included as well. In the spring, we will investigate other habitats to learn about coastal creatures that swim, crawl, or anything in between. Hang on for a wild ride this year as we explore God's creativity in the air as well as in the sea.

Movement (Instructor: Ashley Schiess)

- Let's play games that implement locomotor skills, rhythms and simple dance. Practicing fine motor skills, coordination, and balance will be included in fun station activities to help students become confident movers.

STEM (Instructor: Ashley Schiess)

Students will rotate through playing outside, playing games, or doing science experiments with building materials. We will be doing a range of building/designing based around Bible stories. Every week, we will focus on a different Bible story and then tie it into a science or engineering hands-on activity.

Play and Learn 2 Thursdays (Age 6)

Contact Lead Instructor: [Ashley Schiess](#)

Play and Learn 2 on Thursdays for Age 6 will feature a unique schedule of 4 different activities around camp. These activities will provide a lot of hands-on learning. The following are also included in the schedule: snack, lunch, recess, and Bible devotion.

lesson. Come with us as we investigate and study the human body to grow our appreciation for the Master Creator.

Arts & Crafts (Instructor: Ashley Schiess)

- We will be making crafts around the world! We will have a brief lesson about a different country, pray together for the church in that country, and make a craft that reflects the art/culture from that country.

Movement (Instructor: Shannon Mills)

- Build dance skills while engaging in imaginative play. This is an engaging, active, beginner dance club for girls and boys with an emphasis on balance, rhythm, and storytelling through movement.

STEM (Instructor: Ashley Schiess)

Students will rotate through playing outside, playing games, or doing science experiments with building materials. We will be doing a range of building/designing based around Bible stories. Every week, we will focus on a different Bible story and then tie it into a science or engineering hands-on activity.

Spring Fun Club (Ages 7-10)

Contact Lead Instructor: [Amy Martin](#)

Spring Fun Club is a 3-weeks activity in the spring that provides opportunities to enhance physical development of throwing, catching, striking, eye-hand coordination, fine motor skills, body balance and strengthening combined with instructional opportunities which teach and reinforce social skills necessary for positive team involvement based on scriptural principles of honesty, grace, and forgiveness. Through crafts and devotions, children will enjoy Easter activities.
