## Special Days

- Clubs Christmas Gathering (Dec. 5<sup>th</sup> & 7<sup>th</sup>) – parents and family are invited to join us in Johnson Gym from 1:30-2:30pm on our final day of the semester to meet instructors, enjoy some Christmas activities, and celebrate the coming of Christ.
- Clubs Family Day (April 2<sup>nd</sup> & 4<sup>th</sup>) – parents and family are invited from 1:30-2:30pm to walk with their children around camp, meet their instructors, and learn more of what their children have been doing at camp this year.

# Activity Descriptions and Instructor Contacts: 2023-2024

## Elementary Clubs Tuesdays (Ages 7-9)

Contact Lead Instructor: [Amy Martin](#)

Elementary Clubs on Tuesdays for Ages 7-9 will travel to three clubs, snack, and lunch with a camp counselor to engage in hands-on learning fun. The subject description and instructor's contact for each activity are as follows:

*Mixed Specials: Exploring Nature & STEM Stations (Instructors: [Cindy Nichols](#) & [Kristie Keeling](#))*

- Suit up for a safari! We have lots of plants and animals to explore. In the fall, we will study plants and trees as well as some animals that pollinate them. In the spring, we will study animals found on land. Science should be experienced so we will enjoy lots of hands-on time making observations that are aimed at showing God's varied and amazing creation. The goal is to plant small seeds that will result in a mighty love of God and the world He designed.
- Creativity will abound in this hands-on STEM club. Building bridges and catapults, cars and marble runs will be some of the fun activities we will explore while focusing on God's love for us through His creation. We will learn to think critically and build creatively while working in group settings.

*Up, Up, and Away Art Adventures (Instructor: [Sarah Tucker](#))*

- Let your imagination soar to new heights with this fun-filled art class! Students will learn to see like an artist and notice God's beauty, order, and design around us in things that fly, soar, float and launch! We'll then train our hands to create using a variety of engaging techniques and art mediums. The emphasis of our time together will be growing in artistic confidence and having lots of fun!

*Physical Education (Instructor: [Amy Martin](#))*

- Students will practice patterns and combinations of movements using locomotor and non-locomotor skills through jump roping, throwing, rolling, and catching, striking with rackets, and feet; and enjoy lead up games to sports and simple fitness dances. Developed skills will be measured with pre and post fitness testing. Through group play, students will be given the opportunity to apply biblical truths by practicing sportsmanship, cooperation, and respect for others.

## Elementary Clubs Thursdays (Ages 7-9)

Contact Lead Instructor: [Amy Martin](#)

Elementary Clubs on Thursdays for Ages 7-9 will travel to three clubs, snack, and lunch with a camp counselor to engage in hands-on learning fun. The subject description and instructor's name for each activity are as follows:

*Hands on History (Instructor: [Lauren Kellum](#))*

- Students will create a timeline of American history using "Our Star-Spangled Story" curriculum. We will learn through hands on activities, crafts, and music! Each week we will add to our timeline to see the progress of America's heritage in a fun, visual way!

## Activity Descriptions and Instructor Contacts: 2023-2024

### *Physical Education (Instructor: [Amy Martin](#))*

- Students will practice patterns and combinations of movements using locomotor and non-locomotor skills through jump roping, throwing, rolling, and catching, striking with rackets, and feet; and enjoy lead up games to sports and simple fitness dances. Developed skills will be measured with pre and post fitness testing. Through group play, students will be given the opportunity to apply biblical truths by practicing sportsmanship, cooperation, and respect for others.

### *STEM Challenge (Instructor: [Maureen Heim](#))*

- In this club, students will find answers to the Why's and How's of real-world occurrences through hands-on experiments, building, and exploring. They will be encouraged to be curious, creative and to think critically to solve problems as they collaborate.

## **Intermediate Clubs Tuesdays (Ages 10-13)**

Contact Lead Instructor: [Amy Martin](#)

Intermediate Clubs on Tuesdays for Ages 10-13 will travel to three clubs, snack, and lunch with a camp counselor to engage in hands-on learning fun. The subject description and instructor's name for each activity are as follows:

### *Engineering and More (Instructor: [Kristie Keeling](#))*

- Engineering is fun! We will be making and testing lots of different things like roller coasters, mousetrap cars, and pumpkin launchers, all of which require the fundamental thought processes and creativity engineers use daily. We will explore the laws of motion and energy that God created and build a greater appreciation for His love for us through His creation.

### *Music History (Instructor: [Cami Slack](#))*

- We will explore a variety of musical time periods as well as learn about different composers during each time period. We will use fun and interactive games and group activities to learn about the development of music over the years. Our journey will begin by reviewing the Baroque and Classical periods taught previously and lead into new music eras like the Romantic and lastly the Modern time period. We will have an exciting time getting to know composers from each musician theme we visit from history.

### *Mixed Specials: PE and Art (Instructors: [Amy Martin](#) & [Sarah Tucker](#))*

- Through fun fitness games, team, and individual sports, and two camp service projects, students will be given the opportunities to work cooperatively in teams while building skills such as; listening, speaking, problem solving, cooperation, creativity, trust, courage, bonding, and icebreaking. And of course, the student's physical well-being will benefit from exercise and introductory skills of sports.
- Let your imagination soar to new heights with this fun-filled art class! Students will learn to see like an artist and notice God's beauty, order, and design around us in things that fly, soar, float and launch! We'll then train our hands to create using a

variety of engaging techniques and art mediums. The emphasis of our time together will be growing in artistic confidence and having lots of fun!

### Intermediate Clubs Thursdays (Ages 10-13)

Contact Lead Instructor: [Amy Martin](#)

Intermediate Clubs on Thursdays for Ages 10-13 will travel to three clubs, snack, and lunch with a camp counselor to engage in hands-on learning fun. The subject description and instructor's name for each activity are as follows:

*Fun with Fine Art (Instructor: [Anna Heimbach](#))*

- In this year-long club, students will have the opportunity to work with a wide range of different art mediums in the first semester. During the second semester, students will work on three-dimensional artwork as well as printmaking and collage. In both semesters, students will learn about famous artists.

*PE and Outdoor Recreation (Instructor: [Amy Martin](#))*

- Through fun fitness games, team, and individual sports, and two camp service projects, students will be given the opportunities to work cooperatively in teams while building skills such as; listening, speaking, problem solving, cooperation, creativity, trust, courage, bonding, and icebreaking. And of course, the student's physical well-being will benefit from exercise and introductory skills of sports. Weather permitting, we will also enjoy outdoor games and play throughout the year.

*The Natural World (Instructor: [Abby Haselton](#))*

- Let's be explorers of the natural world and discover the mysteries that's God had gifted to us and made us stewards of. Discover the scientific method, the water cycle, soil properties, interesting wildlife, and other topics. Come join us as we explore the natural world through a Christian worldview.

### Play and Learn 1 (Ages 4-5)

Contact Instructor: [Jaime Bishop](#)

In this beginner's club, there will be short lessons in Bible, nature study and other science topics, music appreciation, and geography. We will also have arts and crafts time, plus daily free play with STEM toys, gym time, and outdoor play.

### Play and Learn 2 Tuesdays (Age 6)

Contact Lead Instructors: [Hannah Martin & Lauren Hild](#)

Play and Learn 2 on Tuesdays for Age 6 will feature a unique schedule of different activities around camp. These activities will provide a lot of hands-on learning. The following are also included in the schedule: snack, lunch, and recess.

*Morning Circle (Instructor: Lead Instructors)*

- Circle time will focus on learning classroom expectations and reviewing daily schedules and classroom jobs. Every week, we will focus on a different Bible story and a memory verse. Students will also work through a curriculum that teaches

how to identify their emotions, how to categorize them, and how to use sensory strategies to help manage them.

*Exploring Nature (Instructor: [Cindy Nichols](#))*

- Suit up for a safari! We have lots of plants and animals to explore. In the fall, we will study plants and trees as well as some animals that pollinate them. In the spring, we will study animals found on land. Science should be experienced so we will enjoy lots of hands-on time making observations that are aimed at showing God's varied and amazing creation. The goal is to plant small seeds that will result in a mighty love of God and the world He designed.

*Outdoors (Instructor: Lead Instructors)*

- Students will move through a variety of nature themed units (ex. weather, birds, flowers, bugs, etc.) throughout the course of the school year. Each week will include a short lesson that is related to the theme as well as a mix of structured and unstructured outdoor activities and play.

*STEM (Instructor: Lead Instructors)*

- Students will use a variety of materials to problem-solve through different challenges. They may be working individually or together as a team.

### **Play and Learn 2 Thursdays (Age 6)**
